Program

Reno Feldkamp introduced Jim Hopkins who introduced the speaker
Speaker – Lisa Lutcht.

Brief Description. Lisa is a graduate of MSU where she was part of the livestock judging team. As a child Lisa raised animals (Registered Angus, lambs, rabbits). Lisa presented the history and requirements for being a judge for livestock fairs/shows

Jim Mann provided a brief update of the Steer Club – 13 members this year and asked Loren Wacker to provide an update. Loren reported that all steers are doing well now. Some were sick earlier. All members are already handling their steers with halters – which is early and a good sign that members are doing well with their animals. In January, parents will begin to learn many of the more time consuming processes that the Manchester Civic Club members have done in the past. MCC will still be involved, but parents will volunteer to do more of the time consuming tasks.
